RICHMOND, VA .- Special .-Investigation Friday morning of the death of Miss Edith D. Murray, twen-ty-two years old, of 2223 Stuart Avenue, who swallowed carbolic acid at the home of Mrs. Robert Brown, of \$20 West Marshall Street, yesterday evening, showed that there was not, and never had been, any mystery connected with the case, though one morning paper left that impression.

The young woman, it has been shown, carried the poison with her. The label indicates that it was bought at the Childress drug store, at 101 East Broad Street. The bottle "contained about one ounce of carbolic solution.

An investigation immediately conducted by Mrs. Brown showed that Miss Murray had not only taken the acid bought at the Childress drug store, but had also taken some of the crude cafbolic acid which was used in the Brown household for cleansing purposes.

The stopper of Mrs. Brown's carbolic acid bottle had been taken out, and it appears that some of the crude acid was poured into the milder, but nevertheless poisonous, solution procured by Miss Murray.

PASTOR FETLER TELLS OF AP-PALLING RELIGIOUS CONDI-TIONS IN GREAT EMPIRE.

RICHMOND, VA.—Special.—
Pastor W. Fetler, superintendent of the Russian Evangelization Society, of St. Petersburg, was the speaker at the rally meeting of the Baptist World's Alliance at the First Baptist Church last night. Rev. Robert S. MacArthur, D. D., of New York, who was to have made an address, for some unknown reason was absent, and so Dr. Fetler had the whole evening to himself.

Dr. Fetler is out on \$2,500 ball, which was furnished in his own country by American Baptists. He is thanged with seducing from the fold members of the Greek Catholic Church, and leaves for Moscow next Wednesday to stand trial.

Major and Mrs. Everett Warren, received a letter last Friday, in which the writer demanded \$200. Failure to comply with the demand would result in her infant daughter being kidnapped, said the letter. As the child is the first born in the Cowdrey home and comes of a wealthy and fashion-and the first debating the matter the Cowdreys reported it to the police. The officer's vigil was rewarded Monday night when he saw the girl steal up to the porch and abstract the letter. She was promptly arrested and taken to police head-quarters.

Church, and leaves for Moscow next Wednesday to stand trial.

His plea for help from Christian Americans for his own country last night was eloquent and touching. The graphic picture he painted of conditions in his own country showed it to be practically without religious freedom and wedded to the dead principles of materialism and pantheism.

In all the wide empire, with its 150,000,000 people, he said, there is not a single school or college for the instruction of children of parents having the Protestant faith and not a single Baptist Church or chapel in the whole country.

Arrested and taken to police head-quarters.

When first questioned by Superintendent Day the girl declared that the kidnapping plot was concocted by a male accomplice in Canada and that she was to receive only \$50 for writing the letter and collecting. She came here from Canada a year ago and has been employed by families in the Cowdreys' set as a domestic.

The investigation on behalf of the Navy Department is proceeding with the utmost speed. Whether it will result in Captain Jaures, of the Liberte, losing a command is problematical. ALBANY, N. The message sent in today was more than half composed of excerpts from his message sent to the Legislature on July 18th last.

"A failure to keep faith with the people," says the Governor, "must be regarded as a betrayal of the voters of the State. An honest statewide system of direct nominations will render party organization responsible to the party membership and thereby make representative government responsible in fact as well as in theory and name.
